### HISTORY

Valley Federal Credit Union is a progressive, family-oriented financial institution, 10,000 members strong. It was chartered in 1935 as only a five-member Institution in a home of one of its chartered members on Levee St. in Brownsville, TX. As the city grew, so did Valley Federal Credit Union. It wasn't long before Valley Federal Credit Union had enough members to afford a larger office at the Federal Building located on 10th and Elizabeth Street in Brownsville. The year was 1954.

Throughout our long history, Valley Federal Credit Union has pioneered taking the benefits of a credit union to its members. Its future promises the same commitment to providing convenient services.
